STUDENT'S CREATION

Mandala Art

Mandala art is a spiritual and symbolic representation of the universe, unity and harmony. It originated in ancient Eastern cultures, particularly Hinduism and Buddhism.

The word mandala comes from Sanskrit which means circle or center. The art contains circular shapes, symmetry, geometric patterns, intricate designs and symbolic colours. It symbolises unity and wholeness. The circular design in it symbolises the idea that life is never ending and there are endless possibilities.

~Aditi kumari (CSE)
